Venue and Important Dates

Venue

The ANRWP event is organized as a workshop event. The program includes a session with invited speakers, presentations by the authors of selected papers, a session for the nomination for the best contributions, and the prize announcement.

The workshop will take place as a hybrid event: a physical workshop with open participation in the beautiful city of Porto and a videoconferencing event open to interested participants, provided by ZOOM videoconferencing facilities.

Physical workshop: Porto, 3/December/2021.

Planned place: Faculty of Sciences, University of Porto (final place to be announced in November/2021).

Remote: Videoconference Session: Zoom conference - URL: See in the Program

Important Dates

- Submissions: 15/Sep/21 to 22/Nov/21
- Notifications to authors: 26/Nov/21
- Event: 3/Dec/2021 15h00-17h00

>ANWRP Program

3/Dec/2021: 14h00-18h30

Call for Participation

We want to call our National Research Community for the participation in the ANRWP Initiative. We strongly believe that education and research are two important pillars for ISOC concerns and values, for a transparent, secure, trustworthy, neutral, open and free Internet. The ANRWP event is an opportunity to join people from the Academia, Research Centers, R&D Industrial communities and Internet Operators, and mainly for our Research Students. Young researchers are welcome to participate in our community as ISOC.PT members, activists or future volunteers, for collaboration in different facets of the ISOC.PT life.
